Re: *Ex Parte Notice: Terrestrial Use of the 2473-2495 MHz Band for Low-Power  
Mobile Broadband Networks – IB Docket No. 13-213*

Dear Ms. Dortch:

On July 2, 2015, L. Barbee Ponder IV, General Counsel & Vice President, Regulatory Affairs, for Globalstar, Inc. (“Globalstar”), Dennis Roberson, President and Chief Executive Officer of Roberson and Associates, LLC, John Dooley of Jarvinian, Steve Berman of Lawler, Metzger, Keeney & Logan, LLC, and I met with Julius Knapp, Mark Settle, Karen Rackley, and Patrick Forster from the Office of Engineering and Technology; Troy Tanner, Jose Albuquerque, and Chip Fleming from the International Bureau; and John Leibovitz, Patrick Donovan, and Stephen Buenzow (by telephone) from the Wireless Telecommunications Bureau. At this meeting, Globalstar’s representatives urged the Commission to adopt its proposed rules in the above-captioned proceeding. These rules would both maintain Globalstar’s licensed Mobile Satellite Service operations and permit Globalstar to provide low-power terrestrial mobile broadband service.

Globalstar’s representatives addressed technical and interference claims by opponents, many of whom are potential competitors. We noted that the March 2015 demonstration showed that Terrestrial Low Power Service was compatible with existing unlicensed operations. We also pointed out the inconsistency between opponents’ arguments and alleged concern about interference to Wi-Fi Channel 11 with their own proposals to operate on overlapping channels under new technical limits. We urged the Commission to reject the unsubstantiated technical and policy requests by these opponents.

Ms. Marlene Dortch

Pursuant to section 1.1206(b)(2) of the Commission's rules, 47 C.F.R. § 1.1206(b)(2), this *ex parte* notification is being filed electronically for inclusion in the public record of the above-referenced proceeding.

Respectfully submitted,

/s/ Regina M. Keeney
